CAREER COUNSELLING

We help you find your Path...

NEED FOR COUNSELLING

Opening up of diverse fields with novel courses and multiple career options has made the choice of educational courses and the resultant career decisions more challenging for students. Most students find it difficult to narrow down the options to the right career which will go on to be the most critical choice of their lives.

It is imperative that students understand the plethora of opportunities available to them and how to pursue the course most suited to them. That will help them realise their potential and ensure that the investment of their time, effort and money is in the right direction. This is possible only with proper guidance and timely counselling.

ABOUT CONSILIUM

Consilium offers personalised consultation services for Educational Planning and Career Guidance across age groups. Customised packages are tailored according to individual requirements with a primary focus on aligning the latent aptitude and strengths of students with their interests and value systems, which is a very underrated yet crucial factor. Scientifically validated career assessment tests and tools are used to determine the various attributes required to make an objective decision.

Takeaways include access to technology which provides a comprehensive listing of colleges in India and abroad with eligibility criteria, admission procedures and all other relevant information.

PSYCHOMETRIC TESTS

Ideal Career Test

The assessment helps you understand your strengths and personality better. It enables you to identify your ideal career. The testing algorithm is constantly updated with emerging career options.

Personality Type Assessment

This assessment is based on personality type – the innate way people see the world and make decisions – a set of basic drives and motivations that remain constant throughout a person's life.

Multiple Intelligences Test

The assessment is based on the Theory of Multiple Intelligences developed by Dr. Howard Gardner in 1983. The assessment uses proprietary technology to match intelligences to best fit careers.

Learning Styles Test

The assessment reveals how people prefer to study, concentrate and learn. The assessment analyses learning preferences pertaining to the immediate environment, emotionality, sociological and physical needs.

Stream Selector Test

The assessment helps determine the stream to take after the 10th grade. It is based on the RIASEC theory and determines verbal, numerical, clerical, spatial and reasoning aptitude.

Engineering Branch Selector

This test is for students who have decided to pursue a career in engineering. It will help identify the preferred branch from among the plethora of engineering branches that exist today.

Humanities Career Selector

This test is for students who have decided to pursue a career in humanities. It will help choose the preferred branch in humanities.

Commerce Career Selector

This test is for students who have decided to pursue a career in commerce. It will help choose the preferred commerce-domain among all the financial and non-financial domains in commerce.
